Subject Headings

AGRICULTURAL LAND

City of Davis plans to loan \$2.7-million to trust for farmland purchase JAN '88 p5
 Filmmaker George Lucas threatens to leave Marin County if not allowed to expand operations onto agricultural land MAY '88 p5
 Glenn County to withdraw from Williamson Act (farmland preservation program) FEB '89 p1
 Suburban counties losing Williamson Act land quickly JUN '89 p2
 Special Report: Political support grows for land acquisition SEPT '89 p1
 AB 655 would provide \$200 million in bond proceeds to buy development rights from farmers SEPT '89 p5
 California Farm Bureau Federation spokesman asks why Marin County received \$15 million for farm development rights purchase when San Bernardino received \$20 million SEPT '89 p7
 Chino and Ontario both seek to expand their spheres of influence to cover Chino Agricultural Preserve FEB '90 p2
 Davis voters approve advisory measure to create greenbelt around the city, to protect wildlife habitat, agricultural areas, and flood plains; but reject requiring voter approval for changes in growth cap JUL '90 p5
 State figures show 63,000 acres of agricultural land was lost to urbanization between 1986 and 1988 MAR '91 p2
 California losing agricultural land twice as fast as rest of nation APR '91 p5
 Changes in California farmland, 1982-1987 (table) APR '91 p5
 A portion of San Francisco's last city farm will be turned over to a developer for affordable housing MAY '91 p2

AIR QUALITY

Responsibility for clean air in Los Angeles is being shifted to local government AUG '87 p1
 Clean air legislation may effect development AUG '87 p1
 Air Quality Management District's war on smog in L.A. Basin targets commuters JAN '88 p4
 Balance of power on AQMD's board shifts in favor of smoggy San Bernardino and Riverside Counties JAN '88 p4
 Anti-smog effort stepped up by new law JAN '88 p1
 Air quality issues to impact growth in Southern California JAN '88 p3
 SB 1251 reorganizes South Coast AQMD and expands the agency's powers JAN '88 p6
 Sacramento City Council approves plans for large employers to begin ridesharing programs FEB '88 p2
 San Diego County growth control initiatives combine building caps with requirements for provision of infrastructure and air quality performance standards APR '88 p5
 L.A. judge orders EPA to prepare L.A. smog plan OCT '88 p2
 Regional issues rise on public agenda NOV '88 p1
 Congress fails to renew Clean Air Act NOV '88 p2
 Southern California's clean-air plan postponed because of changes in environmental impact report JAN '89 p4
 Los Angeles air plan may have social and economic fallout FEB '89 p1
 Workshop on the effects of L.A.'s air plan sponsored by SCAG (Southern California Association of Governments) FEB '89 p5
 L.A. air plan prompts talks on regionalism APR '89 p1
 Implementation of air quality plan and SCAG's future APR '89 p6
 AQMD has power to review local land-use decisions while SCAG has no power over local agencies APR '89 p6
 EPA settles air quality lawsuit with Sacramento MAY '89 p2
 More counties pass stricter air measures JUL '89 p1
 Citizens for a Better Environment and the Sierra Club sue Bay Area air quality officials for not carrying out the area's plan JUL '89 p7

Judge halts construction of Bay Area highways FEB '91 p1
 Kern County finally gives in and joins eight-county Central Valley Air Quality District APR '91 p2
 Thirty-one counties in California begin preparation of "congestion management plans" JUN '91 p1, p5
 Metropolitan Transportation Commission must do more to meet air quality plan DEC '91 p11

AIRPORT LAND-USE COMMISSIONS

Court strikes down Thermal airport land-use plan JUL '89 p5
 SB 255 (Bergeson) would establish 1991 deadline for completion of airport land-use commissions to adopt their plans APR '89 p5, OCT '89 p5
 Los Angeles County cities rebel against airport land-use law requiring submission of development projects near airports to County Regional Planning Commission APR '90 p1
 AB 4265 (Clute) enacted; law allows airport land-use commissions to base comprehensive land-use plan on an FAA-approved airport layout plan OCT '90 p5
 SB 1288 (Beverly) enacted; law extends period of time L.A. has to complete airport land-use plans OCT '90 p5
 SB 2798 (Beverly) vetoed; law would have exempted L.A. from requirements of SB 255, requiring airport land-use commissions to approve local land-use decisions if airport land-use plans are not complete OCT '90 p6
 SB 329 (Russell) would exempt L.A. County from airport land-use planning requirements NOV '91 p6

ANNEXATION

Annexations rise as cities seek additional tax revenue MAR '87 p2
 Drug smuggler's ranch deeded to Orange county for help with the bust may be part of an annexation swap between the two counties JUL '88 p2
 Annexation may become more difficult under ruling requiring property tax-split agreements to be reached within 30 days JAN '89 p2
 Riverside LAFCO denies annexation of Thermal airport land to Coachella as not in accord with city's general plan JUL '89 p5
 Fresno County and 15 cities fight over annexation and tax revenue AUG '89 p1
 City of Manteca disputes the inclusion of planned development project in the recently incorporated town of Lathrop AUG '89 p4
 Cities of Redding and Anderson are battling over land where Redding wants to build sewage treatment plant AUG '89 p4
 San Diego and Chula Vista decide to work together on the development of Otay Mesa AUG '89 p4
 Stanislaus County and City of Modesto disagree over development AUG '89 p5
 Lodi sphere of influence initiative struck down by appellate court OCT '89 p3
 Three council incumbents in Colfax are swept out of office for opposing annexation of territory slated for future growth DEC '89 p4
 Annexation and tax-sharing in Fresno County JAN '90 p7
 Chino and Ontario both seek to expand their sphere of influence to cover Chino Agricultural Preserve FEB '90 p2
 The City of Coalinga reaches tax-sharing and annexation agreement with Fresno County APR '90 p3
 Angry Riverside officials to appeal LAFCO decision to reduce size of city's sphere of influence SEPT '90 p2
 Imperial Beach voters reject revised beachfront development plans DEC '90 p6
 Court ruling may slow the creation of new cities NOV '91 p1
 Stanislaus County seeks operating funds to replace money lost from annexations NOV '91 p11
 Voters in county "island" reject annexation to Los Gatos DEC '91 p7

BUILDING MORATORIA

- Challenge to Tiburon's actions during moratorium rejected NOV '91 p9
- Sierra Madre erred in extending moratorium NOV '91 p9
- Downtown moratorium imposed despite the threat of litigation DEC '91 p2

CALIFORNIA ASSOCIATION OF REALTORS

- Historical study of California ballot measures MAR '87 p1
- Reports on California ballot measures JUL '87 p1
- Court agrees to rehear public housing case based on Article 34 of the state's constitution passed at the behest of CAR in 1950 APR '89 p1
- CAR's calculations show public support for slow-growth ballot measures leveling off DEC '89 p4
- State's growth issues resurface in Sacramento FEB '90 p1
- CAR decides to oppose gas-tax/congestion management initiative FEB '90 p4

CALIFORNIA ENVIRONMENTAL QUALITY ACT (CEQA)

- See ENVIRONMENTAL REVIEW

CITIZEN GROUPS

- Downtown L.A. Property Owners Association stalls subway assessment APR '87 p6
- Residents slow construction of Hollywood Promenade claiming EIR is inadequate MAY '87 p4
- Orange County citizens band together to sponsor a traffic control measure JAN '88 p5
- Citizens groups in Orange County claim Board of Supervisors has been pushing through development agreements to protect builders from growth control initiatives APR '88 p3
- Ma Maison reaches \$1-million settlement with homeowners NOV '88 p6
- Citizen activists kill redevelopment project FEB '89 p3
- Citizens for a Better Environment and the Sierra Club sue Bay Area air quality officials for not carrying out the area's plan JUL '89 p7
- First L.A. citizens planning committee begins meeting in Sylmar OCT '89 p2
- Are development agreements being used to circumvent public participation in development projects? NOV '89 p5
- Riverside city officials are considering establishing a network of neighborhood boards throughout the city FEB '90 p2
- More developers file "SLAPP" suits to stop citizen protest NOV '90 p1
- San Diego community offers 1-15 alternative AUG '91 p1
- Huge damages award upheld by appellate court in "SLAPP" suit AUG '91 p7
- Citizen group pays Fair Political Practices Commission fine NOV '91 p8

COASTAL COMMISSION

- Approves L.A. County land-use plan for Malibu that sent residents toward incorporation MAR '87 p2
- California Coastal Commission v Granite Rock Company said mining company on federal land is subject to Commission regulations APR '87 p3
- Nollan v California Coastal Commission ruling unlikely to make sweeping statements about land-use regulations in California APR '87 p3
- Ex-staff director of Commission selected Sierra Club executive director MAY '87 p5
- Long-term impact of Nollan v. Coastal Commission ruling could be broad JULY '87 p1
- Exclusive Jonathan Club can legally be required to eliminate discriminatory membership policies before it can expand its beachfront facilities FEB '88 p6
- U.S. Supreme Court strengthens claim of coastal states to tideland even when they are far inland MAR '88 p4
- Coastal Commission approves 1,400-acre Pacific Rim Country Club and Resort MAY '88 p6
- Commission wins two skirmishes against Deukmejian over budget cuts designed to reduce the agency's effectiveness JUN '89 p3
- California Coastal Commission approves a massive Navy/developer project in downtown San Diego JUL '91 p4

COASTAL PLANNING

- Since November 1985 nine cities and five counties have restricted oil support facilities APR '87 p7

- Exclusive Jonathan Club can legally be required to eliminate discriminatory membership policies before it can expand its beachfront facilities FEB '88 p6
- U.S. Supreme Court strengthens claim of coastal states to tideland even when they are far inland MAR '88 p4
- Newport homeowners who routinely built home additions into beachfront right-of-way may soon have to pay fees to right themselves SEPT '88 p6
- Most important growth bills held over by legislature NOV '91 p4

CONSTRUCTION INDUSTRY FEDERATION

- See Also BUILDING INDUSTRY ASSOCIATION
- To influence general plan in fighting San Diego residential growth cap JUL '87 p1

COLLEGES AND UNIVERSITIES

- San Diego's redevelopment head, Gerald M. Trimble, leaves to run USC's for-profit real estate development subsidiary DEC '87 p1
- Rapid growth of UC (University of California) enrollments prompts eight host cities to band together and plan for growth APR '88 p5
- USC's new real estate development company gets tentative approval for its first project SEPT '88 p6
- California State University system predicts the need for four to six new campuses over the next 16 years AUG '89 p6
- Appellate court rules UC Berkeley can build student dormitory on potentially active fault SEPT '89 p3
- University of California narrows field for tenth campus to three Central Valley locations MAY '91 p2
- Land availability becomes key issue for UC's tenth campus AUG '91 p2
- UCLA agrees with City of L.A. to limit future expansion to 139,500 vehicle trips AUG '91 p2
- Appellate Court throws out EIR on UC Davis expansion DEC '91 p9

CONGESTION MANAGEMENT PLANNING

- CBIA and Irvine Co. have second thoughts about "congestion management plan" provision of new gas-tax bill OCT '89 p4
- Gov. Deukmejian signs gas-tax bill even though it contains "congestion management plan" provision OCT '89 p4
- Assembly insiders worry that softening congestion management portion of gas-tax will lead environmentalists to withdraw their support OCT '89 p6
- CAR decides to oppose gas-tax/congestion management initiative FEB '90 p4
- CBIA decides to oppose gas-tax/congestion management initiative FEB '90 p4
- Irvine Co. doesn't like congestion management portion of gas-tax initiative FEB '90 p4
- Thirty-one counties in California begin preparation of "congestion management plans" JUN '91 p1, p5
- AB 84 (Katz) extends deadline for county congestion management plans NOV '91 p6
- AB 908 (Farr) Requires general plans to include an element dealing with local congestion management plans NOV '91 p7

CORTESE, DOMINIC

- Cortese, Bergeson introduce growth bills MAR '89 p1
- Cortese growth control plan more ambitious than Bergeson plan MAR '89 p2
- Most growth bills falter in legislative session OCT '89 p6
- AB 4235 (Cortese) would remove planning functions from the Governor's office of planning and research and establish a separate state planning agency APR '90 p3
- Sam Farr takes over from Cortese as chairman of the Assembly Local Government Committee MAY '90 p2

COUNCILS OF GOVERNMENTS

- SANDAG completes study on how to alleviate problems of competition for revenue-rich real estate developments MAR '87 p5
- SANDAG "Regional Governmental Responsibilities and Revenues" (outlines approach to revenue sharing by counties and cities) MAR '87 p5
- SCAG predicts L.A. will not meet air quality regulations unless vehicle miles traveled are reduced by half. AUG '87 p5
- SANDAG (San Diego Association of Governments) reports says no-growth

COUNCILS OF GOVERNMENTS

- cities encourage growth indirectly NOV '87 p3
- Regional issues rise on public agenda NOV '88 p1
- Workshop on the effects of L.A.'s air plan sponsored by SCAG (Southern California Association of Governments) FEB '89 p5
- L.A.'s air plan may add fuel to the movement to decentralize SCAG APR '89 p1
- Implementation of air quality plan and SCAG's future APR '89 p6
- AQMD has power to review local land-use decisions while SCAG has no power over local agencies APR '89 p6
- Bergeson introduces bill to reorganize SCAG that failed last year APR '89 p7
- SB 969 and SB 838 to reorganize SCAG FEB '90 p4
- Association of Bay Area Governments (ABAG) approves regional planning framework SEPT '90 p2
- Wilson growth plan may be cautious NOV '91 p1

COUNTY GOVERNMENT

- See Also PART 2: COUNTIES
- Attempts to create new counties (table) MAR '87 p4
- Counties challenge redevelopment projects as tax increment capture limits financial resources MAR '87 p2
- Counties in conflict with cities over development and revenue MAR '87 p1
- Desert dwellers seek fiscal and land-use control in attempted split with San Bernardino County MAR '87 p4
- County revenue stream squeezed by more incorporation MAR '87 p2
- Plan to carve Mojave County out of lightly populated desert communities in San Bernardino County fails JUN '88 (supplement)
- Counties and state government clash over Tanner hazardous waste plans MAY '89 p1
- Wilson growth plan may be cautious NOV '91 p1

COURT CASES

- See Also Section 4: COURT CASES BY NAME
- Avco case inspires development agreement statute APR '87 p4
- Mining company on federal land is subject to Commission regulations APR '87 p3
- Court blocks Westwood skyscraper construction as no EIR was prepared APR '87 p5
- Judge upholds vesting tentative maps, says growth limiting initiative does not apply to 69-unit housing development MAY '87 p4
- Lawsuit and politics hold up final report of President's Commission on Americans Outdoors APR '87 p8
- Nollan v California Coastal Commission ruling unlikely to make sweeping statements about land-use regulations in California APR '87 p3
- Resident slow construction of Hollywood Promenade claiming EIR is inadequate MAY '87 p4
- First English and Nollan rulings could signal change in balance of power between developer's property rights and government's ability to regulate land use JUL '87 p1
- Court strikes down Solano's redevelopment planning area because most is owned by well financed developers JUL '87 p2
- New Jersey's highest court rules development fees must have "rational nexus" between project and fee AUG '87 p4
- Judge rules Newport Beach housing policies fair SEPT '87 p3
- Judge upholds special tax on new homes in Santa Clarita to support area schools SEPT '87 p3
- Court upholds Berkeley's right to build low-income housing around the city under general voter approval SEPT '87 p3
